RSVP!

Required (In-person or Zoom)

Your Professional Opinion Matters to the Public

Join the Discussions * Info Sessions Held Every Monday
12pm & 6pm * In-person or Zoom * www.CarolinaB2B.com

Inviting Community, National and World Leaders,

You are invited to “Review” & “Respond” to the new Perfect Connections Group-Economics Network.

After Twenty-five Years of Development and Trials, it’s Launch Time!

We are inviting all nationally recognized business, economic and media leaders, professionals and schools to review the network and to provide their professional feed-back publicly or privately.

Our desire is for you to provide your feed-back (on this system) to the community and to also “speak-on” your awareness of any other comparable or better solution that is in operations now (See the participation options).

All organizations invited and “YOUR” followers, listeners, members or fans agree that our country (specifically the African American Race) is overdue for a solution and a system that will unite, serve and financially benefit this population as a whole and each adult and family individually.

The Perfect Connections Network is the solution and the Service that will “*finally*” unite the population and fund community development and new streams of revenue for millions through rebates on the group-spending.

This system is currently being tested in the Carolinas under the Carolina Business-to-Business Network. Industry Information Sessions are held every Monday 12pm and 6pm in-person and via zoom for public and professional feed-back as we register commercial members for phase one.

Investments, donations or grant funding **will never be requested or required** for the operations of this network.

Commercial, Individual, Student or Corporate Users, register for the service they desire, based on their spending level.

This PC Networking System will serve and benefit every citizen, individual, small business and nonprofit.

Why Should You Respond? How Will Your Organization Benefit?

1. Millions “Will-Join” this Network for the financial rebate from the money they are already spending (*most are your supporters, followers, members or fans, who many are currently suffering financially and resourcefully*).
2. Taking the lead by simply reviewing and responding will show millions (who are in desperate need of a service such as this) that you desire to help them reach their Financial Goals, Freedom & Wealth.
3. For a Membership and the Option of Managing one, of the Two, or Twenty-four-million-dollar networks.

We are not seeking any type of endorsement, funds or resources (your opinion will help the community to seek additional information in-order to make an informed choice).

Invited to Review & Respond

These national leaders, media, organizations, institutions and schools along with others are Invited to Review, Respond and Participate for their Communities.

We are not seeking any type of endorsement, funds or resources (your opinion will help the community to make an informed decision about the network).

ZOOM ID 797 218 2229

Panelist Talking Points for Discussions

Planning, Information and Video Podcast Filming

#	Points that will be Discussed	Elaborations
1	Do You Understand The Operating Systems <ul style="list-style-type: none"> A. Where the funding is Originating? B. Who it is Distributed to C. Why they Receive it? D. Where the funding will End-Up? 	It's A Rebate System <ul style="list-style-type: none"> • That also Makes the Vendors Bid on the Group-Contracts for 7% per million dollar minimums. • All users receive a determined amount each month based on their projected spending budgets.
2	What are Your Thoughts on This System (This Funding Source)?	Do You Believe it is Sustainable?
3	Do You believe this system can manage and leverage the value and the Influence of Twenty Million Individuals spending together	(Which is Four Trillion Dollars Annually). Our goal is Four Billion Members Worldwide.
4	Do You Believe there is another system in existence or emerging that will bring groups (in-particular) African Americans or Africans together that will leverage their value and resources that are comparable to White America, Jews, Italians, Europeans, Japanese, Mexicans etc..	This system is not designed to benefit any particular group. However, because African-Americans and most Africans do not have a proven-financial-system (at all) this system will appear to help them more, because-of the rapid-progress they will experience when moving from nothing to something.
5	Do You Believe a system such as this can change the course of American History and the Course of the World Financial System? Elaborate? Why are Black Americans and Africans at the bottom of the financial-influential chain?	Can a system such as this Unite this race despite religion, economic status or geographic locations. (This system is based-on spending on the basic necessities of life that all humans need regardless of color, status or beliefs).
7	Do You Believe this system (by-routing the spending) will change societal norms of oppressive systems because these groups (since coming to America) has never had a reputation or a system that united their spending abilities, influence and power.	
8	Do You believe this system can be used to Invest in Land, Farming, Manufacturing, Education, Healthcare and Technology on-behalf-of millions of individuals who has not financially or resourcefully (as a race) benefitted from these resources and their ancestor's labor in these areas?	
9	Do You Believe This System can produce returns (from the group-investments) for the users, that will cause generational transformation for millions of users along with their financial literacy and disciplined life-style choices that has been proven to produce and sustain wealth (or a satisfying life-style).	Which will result in a new era of Influence, Life-Style because of the ownership and access-to opportunities and resources without prejudice that is caused by societal disregard of the value of the people. Now this people has access to through their buy-in in the system by using the PC Debit Card to purchase with a group of millions.
10	Do You Believe , African Americans Do Not need Reparations, the Government's Assistance or Approval for this project. We simply need to sign-up for this debit card and start using it.	If the government was going to do something, they would have by now...Is there another solution? Is there another option on the table or in the works? If so...let's here it!
11	What are your Thoughts on this system being launched at this time?	Why Will It Work? Why will it get Better? Why will it Catch-on World-wide?
12	What are your Thoughts on the Carolina Phase One Projects The Two Million Dollar "Funding-Solutions" Campaign. The Carolina B2B Industry Networking Sessions.	1. Carolina B2B Membership (recruiting 500 to 5,000) 2. HCCD Six Building Projects 3. Twenty Industry Networking Sessions
13	Why Will it change Communication and Financial Systems "Just-like" the Internet and the Cell Phone?	Our answer; Because of the numbers of individuals that will use it for a unified-specific-purpose!
15	What are your Suggestions, Resources and Observations to Ensure this System, Succeeds and Serves Your Purpose, Your Institution's Purpose and Strengthens Communities and Families Worldwide.	This Network And Funding Is Operating And Will Succeed By All Means Necessary:

2025 MEMBERSHIP CAMPAIGN

Phase One

Carolina Business Network and PC Commercial Card

OUR CAMPAIGN GOAL 1,536,920

Our team has identified 1,536,920 small businesses and nonprofits in five industries throughout North and South Carolina that will qualify to register as a B2B Member to receive the \$18k to \$120k that is available for using the B2B Purchasing Network.

Our Target: 1,536,920 Small Businesses and Nonprofits in the Carolinas.

Our Objective: To register all 1,536,920 as members of the Carolina B2B.

Our Mission: To Individually Invite and acquire an answer from all 1,536,920 to receive \$18,000 to \$120,000 of the Twenty-four Million Dollars.

<u>Numbers To Contact</u>	<u>Industry</u>
1,443,314	Small Business
71,871	Nonprofits
17,837	Churches
3,770	Schools
128	Colleges

Carolina

OUR CAMPAIGN STRATEGY

We have individual communication platforms, materials and campaigns for each targeted industry, demographic and geographic locations *(starting with coastal Charleston to Wilmington and Up-states).*
